PERSONAL AND CONFIDENTIAL

Dear Dr. Hamilton:

I thought you might be interested in the sequel of your complaint against Assistant United States Attorney McCarthy of Massachusetts. The investigation has been completed and I have today suspended Mr. McCarthy from the pay roll for a period of one month. I have also directed the United States Attorney that upon Mr. McCarthy's return to the office he shall be permanently severed from any connection with the Department alien enemy program. You will undoubtedly feel that this is not a sufficiently severe penalty for his behavior. Perhaps he should be dismissed outright. Unfortunately he too has a family he must support and a month's loss of salary will be a distinct hardship. Also I am inclined to think McCarthy has been getting away with this sort of conduct so long that he probably began to believe this was proper conduct. I am inclined to think any stricter penalty would at this time be too harsh, but assure you that any future incidents in the Massachusetts office will be regarded much more sternly.

To be frank, I am also concerned that any harsher penalty would redound to the misfortune of other innocent people. There would be a tendency -- particularly in a close knit staff, all with much the same point of view, as if found in the Boston office -- to "take it out" on the alien enemies, this time in a much more subtle and undiscoverable way. It would be too difficult to control that sort of thing from Washington.

Incidentally might I thank you for the note you wrote about this to my old friend and mentor Felix. He sent it on to me. He speaks very highly of you which, and I am sure you will agree, is a discriminating high.

Very sincerely,

James Rowe, Jr.

although Dr. HAMILTON wrote a letter appealing for executive clemency for MORRIS U. SCHAPFES of New York, no information reflecting any evidence of Communist connections or activities was noted.

SCHAPFES was a Professor at City College of New York and a member of the Communist Party. In 1941, in connection with the Rapp-Coudert Committee Investigation of Communist activities in New York schools, SCHAPFES was convicted of perjury. SCHAPFES' case was appealed and the United States Supreme Court on November 22, 1943 refused to review the case. Accordingly, in December 1943 SCHAPFES began to serve his sentence of 18 months to 2 years in Sing Sing Prison.

The Bureau's attention is now directed to the report of SA [REDACTED] made at Boston 8/29/42 entitled "GERALD J. MC CARTHY, Assistant United States Attorney, Boston, Departmental Matter" and the report of SA [REDACTED] made at New Haven 8/31/42, same title, in which it is reflected that on or about August 31, 1942 Dr. HAMILTON was interviewed regarding a complaint which she had made to the Department of Justice concerning the treatment received by certain alien friends of hers. During the interview Dr. HAMILTON furnished the names of the three individuals whom she believed were treated discourteously in connection with applications for travel permits. According to the Boston report of reference, GERALD J. MC CARTHY, Asst. U. S. Attorney at Boston, who handled alien enemy matters, was accused by Dr. HAMILTON as having afforded the discourteous treatment. Inquiry into the background of Dr. HAMILTON AT that time failed to produce any information of a derogatory nature.

A newspaper article appearing in the "New Haven Register", a daily and Sunday paper published at New Haven, in its 11-2-48 issue was entitled "Red Indictments Bring Protest of Group in State". This article indicated that the indictment of the 12 CP leaders by a Federal Grand Jury was protested by a group which sent a statement to President Truman urging him to request the Attorney General to dismiss the indictment on the grounds that it failed to charge the defendants with acts of force or violence. This statement to President Truman was released by five members of this group, the five members being Dr. J. ALLEN HICKERSON of New Haven, Professor JOSEPH D. HILLIUS of Wesleyan, Dr. WILLIAM KUFHAUS of Yale University Divinity School, Reverend DONALD HAMBLIN of Bethersfield and Professor THOMAS I. EMERSON of Yale University Law School.

Dr. HICKERSON until recently was in Connecticut and was reliably reported to be active in affairs of the Communist Party. He has presently removed to Chicago. Professor JOSEPH D. HILLIUS was until recently in Connecticut and was believed to be a member of the CP in Connecticut. He has presently removed to the West Coast. Professor THOMAS I. EMERSON is known to the Bureau. Among the signors of this statement, which was sent to President Truman, was Dr. ALICE HAMILTON of Hadlyme, Connecticut.

Letter to Director

January 12, 1950

A newspaper article which appeared in the "Bridgeport Sunday Herald" published at Bridgeport, Conn. on November 12, 1948 contained information concerning the visit of the Very Reverend Dr. HENLETT JOHNSON, aka "Red Dean" of Canterbury, to the United States and a lecture which was to be given in Connecticut by a group of sponsors. This article indicated that Dr. ALICE HAMILTON was one of the sponsors of the "Red Dean's" lecture in Connecticut.

This is information furnished by an anonymous source of known reliability on May 9, 1949 to the effect that EARNEY CONAL of the Progressive Party in New York City contacted MARY RACKLIFFE, then Chairman of the Progressive Party of Connecticut, on that date. This source advised that both CONAL and RACKLIFFE discussed a story in the New York Herald Tribune of that date concerning Senator TOM CONNALLY's attempts to obtain a ratification of the North Atlantic Pact before the meeting of the Big Four Ministers in Paris on May 23rd. CONAL explained that the Progressive Party desired to determine if they could get any people who were not Progressive Party members in the middle class groups and who signed the Fickens-Thackery letter to either apply to be heard at the Senate Foreign Relations Committee or to write protest letters to this committee. CONAL furnished RACKLIFFE with a list of the names of individuals from Connecticut who had signed the Fickens-Thackery letter. Included in this list was the name of Dr. ALICE HAMILTON. (The nature of the Fickens-Thackery letter is not known.)

Special Agents [REDACTED] and [REDACTED] are assigned as resident agents in the New London Resident Agency, which resident agency covers the territory in which Hadlyme is located. Dear Mr. Ernst:

I have read your answer to Professor
Commager in The Saturday Review of Literature
and am puzzled at your defense of the F.B.I.
I should not have expected it of you. It may
be that the F.B.I. is obliged to keep all the
reports its men bring in, but can one defend
the instructions under which they collect the
reports? Avowedly these are full of trivial
items, gossip, unsupported libels, suspicions,
all sorts of stuff which one would think an
important Government office would blush to
collect. Like many others I have been inter-
viewed by the F.B.I. concerning certain appli-
cants for Government service (incidentally my
neighbors have been interviewed about me and
my possible subversive opinions) and the
questions I was asked seemed to me shocking.
They concerned ideas, opinions, political sym-
pathies (especially with regard to the Spanish
civil war and the Wallace campaign); then the
same with regard to relatives, friends, wives.
Were any of his friends fellow-travellers, was
his wife a regular church-goer, what were her
political views? Once I said "I really don't
know what they are; if she has any. I only know
she voted for Dewey in the last election".
"Well that's all right" he said, and closed his
note book.

I do not see how you can defend a system
which forces a Government employee who wishes to
keep his job and to avoid the obloquy of an
accusation of disloyalty, to withdraw from
groups with which he finds himself congenial,
give up old friendships, refuse to have anything
to do with a cousin who is a radical, go to
church for the aura of respectability it confers,
even avoid a certain bookstore, because it is
said to label a customer as a fellow traveller.
This is certainly thought control, which we have
abolished in Japan but introduced here.

Hadlyme, Conn.

My dear Dr. Hamilton:

I was flattered that you thought of writing to me. I followed your eminent career in life with great pleasure.

The question you raise is too complicated to discuss by mail, but I do hope that if you get to New York sometime and would care to have lunch with me, that you will give me a ring.

I never mean to indicate that the FBI or any organization is perfect or even nearly perfect, and certainly if you have any information as to impropriety of agents or the questions they ask, I trust you will send them on to Edgar Hoover. If you write and ask for the directives that go to his agents you will see how strict he is in trying to limit the inquiries to pertinent questions. Moreover, the only corrective that he has available to him is documented complaints. He is suffering greatly under broad general accusations without documentation. I have run into dozens of these complaints and have truly made a study of the situation, and I find in a majority of cases it is not the FBI agent; it is either the Civil Service, or the Defense Department, or the Secret Service. I know Hoover well enough to know that he is anxious to get the information that you indicate you possess. If you don't want to write to him directly with the full documentation won't you send it on to me.

Above all, I am worried about the drive being made to allow agents to screen the files. You must remember that Hoover cannot hire or fire anyone and that he turns over his reports to the hiring departments. I would be frightened if agents were given the power to leave out any single bit of information they gathered. If on the other hand, as you indicate, the questions were really invalid or improper, he should know it so that he can either change his basic directives, which appear to me to be decent and reasonable, or to correct the practice of his agents if they disregard the directives.

With best regards,

Sincerely yours,

Morris L. Ernst

Dear Mr. Ernst:

Thank you for your letter, which I read with great interest. Unfortunately it did not clear my mind of the conviction that the "directives" under which the F.B.I. men work are wrong and controvert what we have always held to be our right to our own opinions and associations. And for those orders, Hoover himself is responsible. That is shown by his recent report that, of the small number of Government employees actually discharged, the majority were so because of having joined an association declared by Clark to be "subversive".

I have no complaint against the young men who come to me. They are educated, well-mannered and plainly following instructions, which sometimes seem rather distasteful to them. It is the system that is all wrong.

Please do not think you must answer this. I quite understand your attitude.

Sincerely yours

Following the answer of Morris Ernst to Professor Commager in The Saturday Review of Literature, Dr. Alice Hamilton, by letter dated January 3, 1950, wrote Ernst expressing surprise at his defense of the FBI. She stated she had been interviewed by the FBI concerning applicants for government service and "the questions I was asked seemed to me shocking." She stated she did not understand how Ernst could defend a system which forced government employees desirous of employment to change habits, give up old friends, etc. Ernst in reply by letter dated January 9, 1950, to her stated that without documentation Director Hoover could take no action and that in most cases Ernst had found objectionable questioning by investigators to be the work of Federal government agencies other than the FBI.

MEMBERSHIP IN SPONSOR AND SUPPORTER ORGANIZATIONS:

A reliable source advised that in 1936 Alice Hamilton was a member of the Executive Board of the Chicago Civil Liberties Committee which organization has a long and consistent record of supporting communists and communism.

In 1942 she wrote a letter to Governor Thomas E. Dewey of New York appealing for executive clemency on behalf of Morris U. Shappes. The letter was written at a time when the Communist Party organized a pressure campaign to free Shappes who was in prison on the charge of perjury when testifying under oath he was not a communist. Shappes was in fact a professor at City College of New York and a member of the Communist Party. He was convicted, he appealed and the United States Supreme Court on November 22, 1943, refused to review the case. In December, 1943, he began serving his sentence of 18 months to 2 years in Sing Sing. (65-48970-101, page 2 and 100-195271-8, page 2)

In 1943, the name of Dr. Alice Hamilton of Harvard University appeared in a printed message to the House of Representatives calling/abolition of the Dies Committee. The message was circulated and sponsored by the National Federation for Constitutional Liberties, an organization designated by the Attorney General as within Executive Order #9835. (100-1170-239)

The Special Committee on Un-American Activities, House of Representatives, 78th Congress, Second Session, in a report dated in 1944, lists Dr. Alice Hamilton as a sponsor of or associated with the following communist front organizations and communist sponsored events:

Joint Anti-Fascist Refugee Committee
Shappes Defense Committee
American Russian Institute
United States Spanish Aid Committee
(61-6211; 100-67336 and 100-7061)

The name of Dr. Alice Hamilton is listed as one of the "sponsors of November celebrations" (1944) of the National Council of American-Soviet Friendship, Incorporated. (105-2881-11)

By letter dated October 22, 1947, Adrian S. Fischer, solicitor, Department of Commerce, requested that the Director supply him with background material on several individuals among whom was Dr. Alice Hamilton. Mr. Fischer desired this information in connection with the FBI investigative reports transmitted May 15, 1947, in the case of Dr. Edward U. Condon. Fischer stated that Hamilton was associated with the American-Soviet Science Society which in turn was affiliated with the National Council of American-Soviet Friendship, Inc. The official stationery of the American-Soviet Science Society, 114 East 32nd Street, New York, New York, gives the name of Alice Hamilton as Honorary Vice Chairman. (62-58854-72X) By letter dated November 1, 1947, from the Director, the request of Fischer was complied with.

A newspaper article appearing in the Daily Worker, an East Coast communist newspaper published in New York, dated March 8, 1949, states that greetings to "the brave women of the Soviet Union" were

sent out commemorating International Women's Day. The message was sponsored by the Committee of Women of the National Council of American-Soviet Friendship. One signer is listed as "Dr. Alice Hamilton, physician and former assistant professor of industrial medicine, Harvard University." (100-146964-A)

When Madame Irene Joliot Currie visited Boston in 1948, she was afforded a dinner on March 29, 1948, under the sponsorship of the Boston local chapter of the Joint Anti-Fascist Refugee Committee. A confidential and reliable live informant advised that Dr. Alice Hamilton had contributed \$25 to the JAFRC. Madame Currie was introduced to the audience of 250 at this dinner by Professor Wendell H. Furry, Associate Professor of Physics, Harvard University. Furry is known to have been a member of the Communist Party. (100-354731-29, page 11)

A highly confidential source revealed on or about January 20, 1947, that the name of "Dr. Alice Hamilton, M.D., Professor Emeritus, Harvard Medical School" appears as a member of the National Federation for Constitutional Liberties -- organization designated by the Attorney General as within the purview of Executive Order #9835. (100-1170-245 and 308)

The American Russian Institute has been designated by the Attorney General as coming within the purview of Executive Order 9835. From a confidential informant, it was learned in San Francisco that on September 23, 1948, Holland Roberts, President of the ARI and Educational Director of the California Labor School, had a discussion with William Kerner, Communist Party member and Organizational Director of the ARI. It was stated that the morning's issue of the Peoples' World carried an article concerning the dissolution of the American-Soviet Science Society. He stated the article contained statements by Albert Einstein, L. C. Dunn, and others attributing the attacks on the Society to the "Un-American Committee." The Peoples' World on page 5 of the September 23, 1948, issue stated that the American-Soviet Science Society was a victim of Thomas' Un-American Committee and that for two years the United States Treasury Department held up the Society's tax exemption certificate. The name of Alice Hamilton was listed as one of those who made the news public. (61-6211)

The New Haven Office by memorandum dated January 12, 1950, advised that in the "New Haven Register" for 11/2/48 there appeared an article captioned "Red Indictments Bring Protest of Group in State." The article pointed out that the indictment of the twelve Communist Party leaders in New York was protested by a group in Connecticut who sent a statement to President Truman urging him to request the Attorney General to dismiss the indictment on the ground that it failed to charge the defendants with acts of force or violence. Dr. Hamilton, according to the "New Haven Register" article, was one of the signers of the message. Others were Dr. J. Allen Hickerson, an individual New Haven states is reliably reported to be active in Communist Party affairs. Other signers were Professor Joseph D. Phillips of Wesleyan, believed by New Haven to be a member of the Communist Party; Dr. Willard Uphaus of Yale University Divinity School; and Professor Thomas I. Emerson of Yale University Law School who was co-author of the Yale Law School Journal article. Uphaus' background is not known.

An article in the "Bridgeport Sunday Herald" of Bridgeport, Connecticut, on 11/12/48 contained information concerning the visit of the Very Reverend Dr. Hewlett Johnson, aka, "Red Dean" of Canterbury, to the United States and a lecture to be given by him in Connecticut. One of the sponsors of the "Red Dean's" appearance was Dr. Alice Hamilton.

An anonymous source of known reliability advised the New Haven Office on May 9, 1949, that Barney Conal of the Progressive Party in New York discussed with Mary Rackliffe, Chairman of the Connecticut Progressive Party, the obtaining from the latter a list of persons in Connecticut who had signed a "Pickens-Thackery" letter, the nature of which is unknown. Conal said he desired that these same individuals apply to be heard at the Senate

Foreign Relations Committee or to write protest letters to this Committee, concerning ratification of the North Atlantic Pact. Dr. Hamilton's name was said to appear on this list.

INTERVIEWS WITH DR. ALICE HAMILTON:

On or about August 31, 1942, Dr. Hamilton was interviewed by Special Agents regarding a complaint she made to the Department of Justice concerning the treatment received by certain alien friends of hers. During the interview, Dr. Hamilton furnished the names of three individuals whom she believed were treated discourteously. According to the Boston report of reference (made by Special Agent [REDACTED] at Boston 8/29/42), Gerald J. McCarthy, Assistant United States Attorney at Boston, was accused by Dr. Hamilton as the individual being discourteous. Inquiry at that time into the background of Dr. Hamilton failed to produce any information of a derogatory nature. (77-10056)

b7c According to a report of Special Agent [REDACTED] made at New Haven 1/7/48, Dr. Alice Hamilton was interviewed by Special Agent [REDACTED] on either January 5 or 7, 1948. She was interviewed in connection with Homer Fay Pfeiffer who had given her name as a reference he had known for fifteen years in connection with seeking employment in the National Research Council (AEAA). During the interview, Dr. Hamilton said she considered Pfeiffer a loyal American citizen of good habits, character and morals. The interview reflects also that Hamilton supplied information to the effect that Pfeiffer had had marital difficulties with his first spouse, had married another girl known since childhood. No other pertinent information regarding this interview appears.

b7c It will be recalled that Special Agent [REDACTED] is the Agent who is presumed to have encountered difficulty with [REDACTED] b7d [REDACTED] at Wesleyan University in Middletown, Connecticut, in November, 1947. As you will recall the charge was made that the President of Wesleyan told presidents of various New England Colleges that the FBI had placed undercover operatives and informants on several campuses challenging intellectual freedom. [REDACTED] was b7c transferred from Middletown where he served as Resident Agent and on March 31, 1948, resigned prior to transfer. (116-52295)

The New Haven January 12, 1950, letter advised further that Resident Agents at New London, Connecticut, (covers Hadlyme) failed to recall having interviewed Dr. Alice Hamilton nor have they conducted any investigation concerning her.

The Bureau has had no recent correspondence with Dr. Hamilton. Instructions contained in my 1/26/50 memorandum to New Haven were issued after it was learned from a reliable New York source she had criticized this Bureau. Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

FROM : SAC, NEW HAVEN
(1)

SUBJECT: Dr. ALICE HAMILTON
SECURITY MATTER - C

DATE: April 18, 1951

Re New Haven letter to the Bureau dated January 12, 1950, entitled, "Dr. ALICE HAMILTON, Hadlyme, Connecticut - Information Concerning", setting forth a summary of information then available in the New Haven Office files concerning the captioned individual.

Reference is now made to Bureau letter to New Haven dated January 26, 1951, instructing this office to have no contact with the captioned individual in view of her known connection with many organizations falling within the purview of Executive Order 9835.

For the additional information of the Bureau the 12/27/50 issue of the Daily Worker carried an article entitled, "32 Notables Head Big List in McCarran Repeal Drive". This article announced the formation of a National Committee to repeal the McCarran Act by thirty-two prominent Americans. Included in this list was the name of Dr. ALICE HAMILTON.

The Daily Worker of March 12, 1951, in an article entitled, "Lovett and Dubois to Address Mass Peace Pilgrimage in Capitol" reflected that among the two hundred prominent Americans listed as initial sponsors of the newly formed American Peace Crusade was Dr. ALICE HAMILTON.

It will be observed that from information available it would appear that Dr. ALICE HAMILTON was seventy-seven years of age in 1946 and, therefore, would be approximately 81 or 82 years old at the present time.

Advice is requested from the Bureau as to whether or not it believes that a security investigation should be conducted on this individual at this time in view of her continued support to Communist sponsored organizations.

EDWARD SCHEIDT, SAC

ALICE HAMILTON, M.D.

Perhaps the leading authority on occupational diseases in this country.

Dr. HAMILTON was first mentioned as a Communist at a committee meeting held in connection with the National Committee sessions during the time that I was in Chicago, which would be in the late 1930's. Her name was mentioned by Dr. JOSEPHINE TRUSLOW ADAMS then of Swarthmore College. This meeting took place in the Party building at 35 East 12th Street, although I am not sure that it was on the ninth floor.

During the course of the National Committee meetings smaller group meetings were frequently held on specific subjects, such as the better organization of the social workers or in regard to the problems of one state or district. It was at that kind of a meeting that Dr. HAMILTON'S name was first mentioned in my presence.

Later this knowledge of Dr. HAMILTON'S membership in the Communist Party, at least under discipline, was reiterated by GRACE HUTCHINS and ANNA ROCHESTER at a meeting at the Labor Research Association.

NATIVES TO THE ATLANTIC PACT

The Committee For Peaceful Alternatives to the Atlantic Pact, has been cited as an organization which was formed as a result of the Conference for Peaceful Alternatives to the Atlantic Pact, to further the cause of "Communists in the United States" doing "their part in the Moscow campaign", by the Congressional Committee on Un-American Activities.

On 1-8-50, the Sunday WORKER, Sunday edition of the DAILY WORKER, East Coast Communist newspaper, carried an article captioned, "CONNECTICUT NOTABLES DEMAND A-BOMB BANNED", which is datelined New Haven, and reflects that a total of 1,148 clergymen, educators, writers and labor leaders, and thirty-six Connecticut notables, joined in an appeal to President TRUMAN, urging that he propose to the United Nations an agreement, whereby the Atomic Bomb shall not be used as an instrument of international warfare. The COMMITTEE FOR PEACEFUL ALTERNATIVES TO THE ATLANTIC PACT, also called for a Big Four Farley, to end the cold war. This article reflects the name of the subject among the Connecticut signers of this appeal to President Truman.

Confidential Informant T-8 advised that the subject was a sponsor of the Mid-Century Conference for Peace, which Conference was reportedly sponsored by the Committee for Peaceful Alternatives, and held at Chicago, Illinois, May 29 and 30, 1950.

The Mid-Century Conference For Peace has been cited by the Congressional Committee on Un-American Activities as a meeting held in Chicago, May 29 and 30, 1950, by the Committee for Peaceful Alternatives to the Atlantic Pact and as having been "aimed at assembling as many gullible persons as possible, under Communist direction and turning them into a vast sounding board for Communist propaganda".

Alice Hamilton, M. D.

Hadlyme, Conn.

Feb. 6, 1952

Dear Mr. Seeley-Brown

Yesterday I read in The Times a story which shocked me profoundly, that the F.B.I. is planning to open four concentration camps to imprison the fifty thousand Communists whom the F.B.I. claims to have discovered in this country, so soon as World War III threatens. That there is such a number of Americans who should be treated as dangerous criminals before they have committed any crime is to me unbelievable. Equally so is the necessity for us to take precautions which will confirm the Russians in their belief that we plan war, encourage the wave of hysterical fear and hatred of Communism in this country, and subject us to the wondering contempt of our Allies. They, so much weaker and more vulnerable than we, seem to be able to summon a courage and common sense which we fail to show.

I fervently hope that there is no real basis for this story, and that, if ever it, the plan, comes before Congress, you will oppose it.

Sincerely yours

/s/ Alice Hamilton

PURPOSE:

To recommend method of acknowledging letter forwarded by Congressman Horace Seely-Brown asking for comments regarding letter he received from constituent Dr. Alice Hamilton.

BACKGROUND:

In letter to Congressman Brown dated 2-6-52, Dr. Hamilton advised she had read yesterday in The Times, a story which alleged the FBI was planning to open four concentration camps to imprison fifty thousand Communists. She states such action is to her unbelievable and asks that Congressman Brown oppose any such plan.

Regarding her reference to The Times, an issue of the New York Times for 2-5-52 was obtained and carefully reviewed; however, the article to which Dr. Hamilton referred could not be located. It is, of course, possible that she had referred to the story in The Times under another date.

b7c Dr. Hamilton is the subject of Bufile 100-367899. The report of SA [redacted] at New Haven dated 11-7-51, reveals Hamilton was born 2-27-69 in New York. "Who's Who" lists her as physician and author with residence at Hadlyme, Connecticut. b7d File reflects that T-1, [redacted] advised Hamilton was CP Member during the late 1930's. She has been sponsor of Stockholm Peace Appeal and member of Executive Committee, American Peace Crusade. Other front groups with which Dr. Hamilton has been associated include the Civil Rights Congress, American Committee for the Protection of Foreign Born, and National Council of the Arts, Sciences, and Professions.

On 4-23-51 the Daily Worker, East Coast Communist newspaper, carried an article captioned, "Urge Bail For Four Held Under McCarran Law." This article quoted an open letter to the Attorney General calling for release of aliens held on Terminal Island, California. Dr. Alice Hamilton was one of the signers of this letter. This action to free these aliens was, according to the Daily Worker, sponsored by the American Committee for the Protection of Foreign Born. This Committee has been cited by the Attorney General as coming within the purview of Executive Order 9835.

Memorandum to Mr. Nichols

February 12, 1952

On 4-8-51 the Bridgeport Sunday Post, Bridgeport, Connecticut, contained an article captioned "Washington Close-Up" by Carey Cronan, which reflected that the House Committee on Un-American Activities listed Dr. Alice Hamilton as one of eleven Connecticut residents who sponsored the Stockholm Peace Appeal. This material appeared in the HCUA's report on the Communist "Peace" offensive.

b7d It is to be noted that Dr. Hamilton was referred to by [redacted] in the list of four hundred concealed Communists which [redacted] furnished to the Bureau.

b7d

Bufiles contain no reference to Congressman Seely-Brown and from Dr. Hamilton's letter to the Congressman, there is no indication of any close relationship between the two.

RECOMMENDATION:

18/52
12/11/52
It is recommended that Congressman Brown be contacted by a Bureau representative and referred to the public source material regarding Dr. Hamilton, set forth above and that he be specifically advised that the establishment of any camps for detention of Communist Party members would be a matter coming within the jurisdiction of the Bureau of Prisons and not the F.B.I.

Section 102A of the Internal Security Act of 1950 provides that in the event of an Internal Security emergency, the President and Attorney General are authorized to detain persons as to whom there is reasonable ground to believe that they will engage in Sabotage or Espionage, and sets up entire mechanism by which this is to be accomplished. This should be brought to the Congressman's attention.

It is further recommended that Dr. Hamilton's letter to Congressman Brown not be acknowledged by this Bureau. Her letter should be returned to the Congressman. A copy of her communication has been retained for Bufiles.

As indicated above, Bufiles contain no reference to Seely-Brown. Page 19, Congressional Directory, reflects Brown is 43, Hamilton and Yale graduate, Navy air officer, veteran of World War II, active in ANVETS and Boy Scout work. He is a Republican and has served in the 80th and 82nd Congress.

Damaging Effect of Communism

TO THE EDITOR OF THE NEW YORK TIMES:

Renewed amazement at the infinite variety of the human race came over me as I read in THE TIMES of Dec. 3 Dr. Alice Hamilton's letter in praise of the "essential nobility" of a Communist who refuses to "accuse" her fellow-Communists of being Communists.

Dr. Hamilton seems to think it is a game we are playing with the Communists, under the old school rules of sportsmanship. It is no game. On the one hand is history's most thrilling and hopeful spectacle, 160,000,000 people striving intelligently to live together in fairness, govern themselves with ideals, and provide full opportunity for all. On the other hand are a few thousand malcontents, directed by and loyal to a foreign hostile dictatorship, striving by every device of sabotage, strike, espionage and untruth to damage the democracy being built.

No Communist has yet taken advantage of the witness box to proclaim "Yes, I am a Communist, and proud to be! Communism is a great faith, for the following reasons * * *."

Every Communist always cries aloud, "No, no, not-I, I was never a Communist. This is red-baiting and witch-hunting! If I testify about being a Communist I will incriminate and degrade myself!"

Can you imagine these words from St. Paul, or Savonarola, Martin Luther or Patrick Henry? What is this "essential nobility" that Dr. Hamilton talks about? **ROGER WILLIAM RHIS.**

John Edgar Hoover, Director

U. S. Department of Justice
Washington, D. C.

Dear Mr. Hoover:

Recently, I had lunch with William T. McCarthy, United States District Court Judge, Boston, Massachusetts, at which time he expressed his concern with the insidious influence that has been exercised by Justice Felix Frankfurter in our Government for many years. He said he wanted me to bring to your attention the following situation that occurred in the Department of Justice in 1942 as an illustration of the reaching tentacles of Frankfurter.

Judge McCarthy related that when he became United States Attorney for Massachusetts in 1947 he made it his business to check the Department records on the "unfair" action that had been taken against Assistant United States Attorney Gerald J. McCarthy in 1942, who had been charged by a Dr. Alice Hamilton, Hadlyme, Connecticut, with having been discourteous to certain alien enemies. Judge McCarthy was then an Assistant U. S. Attorney in the same office and it is still very disturbing to him that a person like Dr. Hamilton with known Communist affiliations could bring about such action.

Judge McCarthy made available copies of the following documents which I am forwarding herewith:

1. A memorandum dated September 5, 1942 from James Rowe, Jr., then Assistant to the Attorney General, relative to the 30-day suspension of Assistant U.S. Attorney Gerald J. McCarthy.

2. A letter dated September 7, 1942 from Assistant to the Attorney General Rowe to DR. HAMILTON. In this letter Mr. ROWE advised DR. HAMILTON that MCCARTHY had been suspended and permanently severed from any connection with the Alien Enemy Program, that she might feel this was not a sufficiently severe penalty for his behavior and that perhaps he should have been dismissed outright. He also referred to their mutual friend, "Felix."
3. A memorandum reflecting the affiliation of Dr. Hamilton with Communist front groups.

Judge McCarthy requested I forward these documents to you for your personal review. He thought that they should be in the possession of the Bureau for possible future reference.

Judge McCarthy said it was outrageous that a top official in the Department of Justice would write such a condescending letter to a person of Dr. HAMILTON's background and known Communist affiliations. He stated he is still convinced that he actually was the intended target of the viciousness but that through mistake, because of similarity in name, AUSA GERALD J. MCCARTHY was the victim.

Judge McCarthy, who has been a vigorous and outspoken opponent of Frankfurter and Communism, has been a longtime friend of the Bureau and has the deepest respect and regard for you. I assured him that I would forward this material to you. His office is in the Federal Building, Boston, Massachusetts.

Incidentally, BRAD MINTENER stopped by for a personal call today. I had known him in Minneapolis and I was very pleased that I could show him our facilities here. He spoke in glowing terms of the recent FBI liaison function at the Army-Navy Club.

Sincerely,

E. J. Powers

TO : DIRECTOR, FBI

DATE: MAY 26 1960

FROM : SAC, NEW YORK (100-105614)

SUBJECT: ALICE HAMILTON
SM-C
(OO:NEW HAVEN)

The March, 1960 issue of "Political Affairs" contains an article appearing on pp 33 through 35, by ALICE HAMILTON, entitled, "Jane Addams: Gentle Rebel."

With respect to material appearing in "Political Affairs," the Bureau by letter dated 12/12/56, advised that a review of each issue of that publication should be made with a view to effecting probably identity of authors, and instructing that in each instance a case file be opened, and such investigation as it is necessary be conducted to determine if the individual should be included in the SI.

An examination of the above-mentioned issue of "Political Affairs" discloses an editor's note on p. 33, describing Dr. ALICE HAMILTON, author of the above-mentioned article, as a pioneer woman physician, who in the article has "contributed some of her memories and estimates of that great protagonist of peace" (JANE ADDAMS).

The article itself discloses that the author probably knew JANE ADDAMS intimately. The author mentions an incident that occurred "before I arrived at Hull House in 1897," and indicates that she was familiar with certain incidents occurring in Chicago during the 1890's.

The 1958 issue of the American Medical Directory discloses that Dr. ALICE HAMILTON of Hadlyme, Conn., is a retired physician who was born in 1869, received her medical degree at the University of Michigan Medical School, Ann Arbor, Michigan, in 1893.

The indices and files of the NYO contain a number of references to Dr. ALICE HAMILTON of Hadlyme, Conn., who appears to be the subject of NHfile 100-13802. Certain background information concerning Dr. ALICE HAMILTON of Hadlyme, Conn., was set forth in the report of SA [REDACTED] dated 12/30/46, at NH, and captioned, "Dr. LUDWIG WITOLD RAJCHMAN, was.; IS-R," NH 100-10991; Bufile 65-48970. She was described therein as approximately 77 years of age (as of 1946), for many years an expert on occupational and industrial medicine, and as having come from a well-to-do family in Indiana. She was said to have lectured at Harvard University, and at Ann Arbor, Michigan, and for some time after the first World War, to have been associated with JANE ADAMS of Hull House, in Boston. b7c

It would appear from the above that the author of the article in the March issue of "Political Affairs," is probably identical with the individual named Dr. ALICE HAMILTON, who is subject of NH file 100-13802.

Information in the NYO files discloses that New Haven is in possession of information furnished on 4/28/51, by [REDACTED] to SA [REDACTED], concerning the CP membership of ALICE HAMILTON, M.D., described by [REDACTED] as perhaps the leading author on occupational diseases in this country. b7d b7c b7d

The NYO files in captioned matter reflect that the "NY Times" on 12/3/52, published a letter to the editor by ALICE HAMILTON, M.D., Hadlyme, Conn., dated 11/22/52, praising the behavior of ELIZABETH GURLEY FLYNN, who had been sentenced to jail because she refused to accuse her friends and associates of being Communists.

The NYO file in this matter contains a memorandum reflecting that the name Dr. ALICE HAMILTON, not otherwise identified, appeared in a release issued by the Emergency Civil Liberties Committee for 10/8/51, and that she was identified therein as one of the founders of the organization. The release was furnished by [REDACTED] to SA [REDACTED] of the Philadelphia Office, on 11/30/53. The original is located in NYfile 100-107419-1B1(6). b7d b7c

A review has been made of the references to the name ALICE HAMILTON appearing in the indices and files of the NYO, and those references that appear to be identical with the individual of that name residing at Hadlyme, Conn., as well as those lacking sufficient identifying data for positive identification on the basis of information presently available to the NYO, have been summarized in a correlation memo, a copy of which is being forwarded as an enclosure to the New Haven Office for its information and evaluation.

In view of the advanced age of the subject (91 years), and the absence of knowledge by this office as to what information is already in the possession of the OO in this matter, it is not known what decision is likely to be arrived at by New Haven as to the advisability of recommending subject for the SI. Accordingly, no attempt is being made, in the absence of specific request by the OO, to further evaluate, elaborate upon, or further document the information set forth in the enclosed correlation memo.
